# Round 1 Report Summary

*For the first time in what felt like forever, we had a dry Club2000 round. However, the weather still wasn't perfect owing to the strong gusts of wind which cut through you when you least expected.*

## Honda Cadet

It was a brilliant day for all of the cadets and we had the pleasure of witnessing some top-class battles from almost everyone – The exception being a very quick Teddie Cooper (79) who had the lead all day and was totally unchallenged for it. John Richardson (48) and Max Wheatley (12) were very competitive, battling each-other every race. Nathan Gange (89) had a great performance in the final, impressively making his way from 9th up to 3rd against a challenging grid. The fastest lap was set by Teddie (79) in heat 3 – a 46.890.

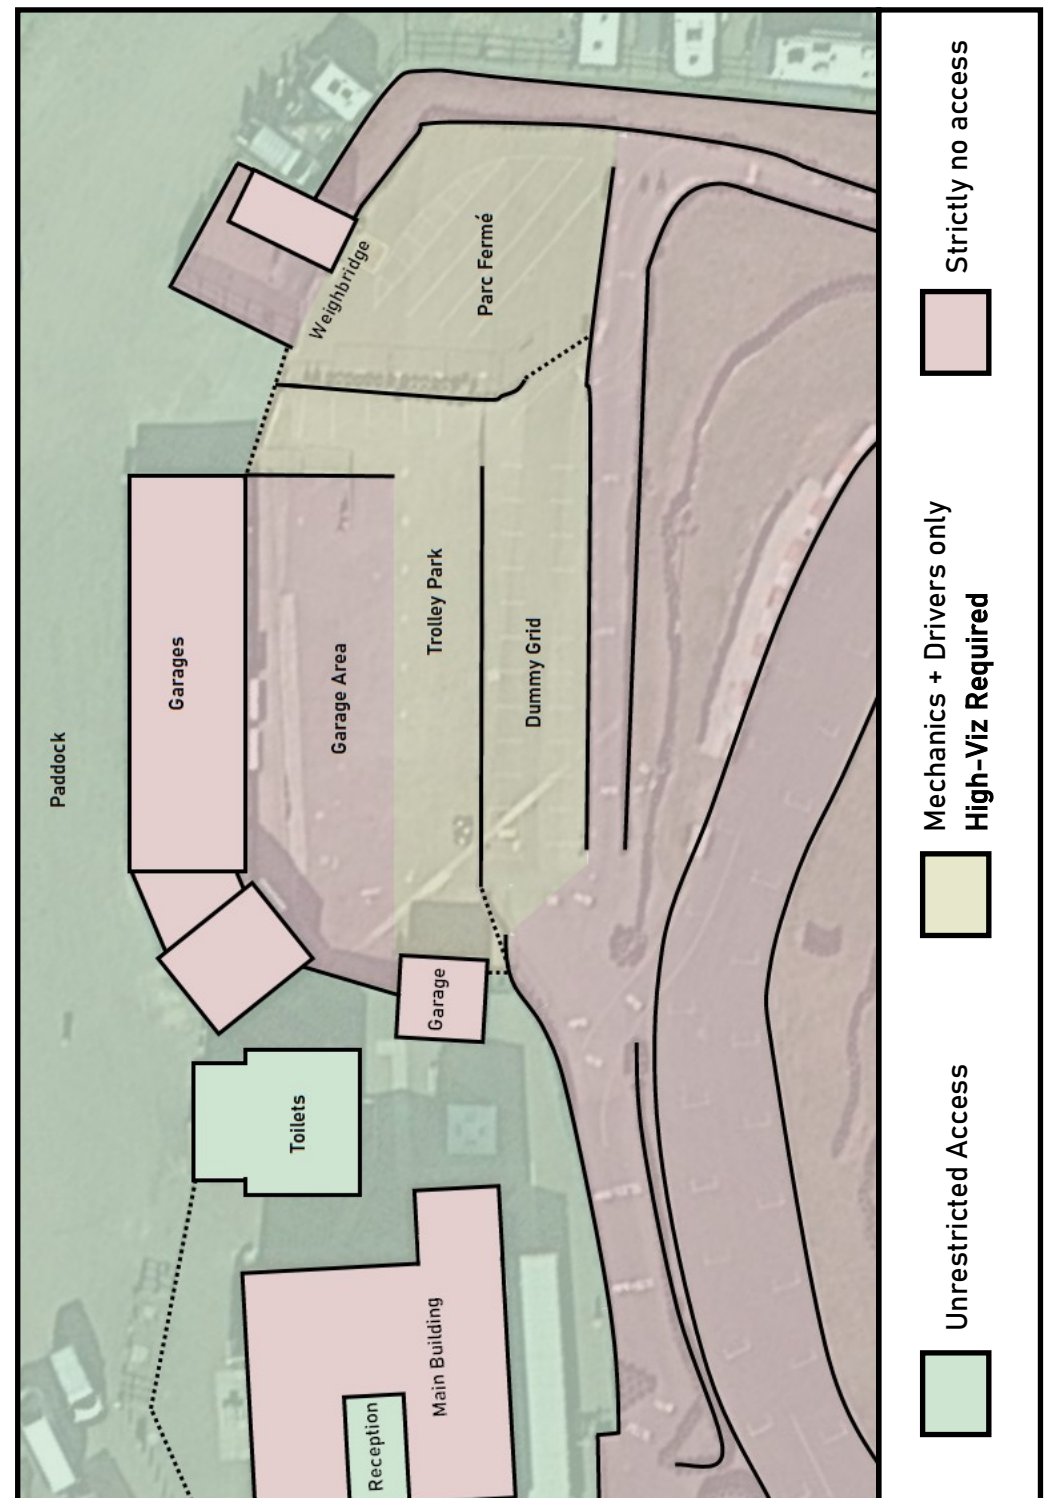

## Junior Rotax

It was another round of good racing from these young drivers. Front runners, Sam Cooper (44) and Jenson Weston (34) were challenging each-other all day with the pair taking home equal points. Alex Beale (43) and Anthony Ward (33) had a good tussle in the last 2 races and, despite a bit of contact owing to the hard racing, the pair were well matched. Jenson Mason (85) and, novice, Seamus Cox (79) drove well too, staying out of trouble and taking home a decent number of points. Jenson W (34) set the fastest lap of the Juniors – a 40.797 in the final.

## Junior TKM

Last round's duo was joined by Jake Cox (62) for this round and, of course, he was a welcome addition to the grid. This round the TKM's were also joined by the Minimax grid as they were both small groups. William Briant (97) and Jake (62) were close for the entire day and raced each-other well. Not too far behind them was Liam Bermoy (27) who seemed to mainly focus his day on practicing. William (97) set the fastest lap in heat 2 - a 42.437.

## Prokarts

James Drabwell (5) and Harvey Cursley (44) were back this round but, this time, in Senior Prokart with an extra 80ccs of engine. Rocky Clements (23) returned to Club2000 after leaving as a Honda Cadet many years ago and he still knew the track well - never being far off the pace of the other Junior drivers. Jeremy Lock (72) was unusually slow this round owing to the harder and less forgiving tyres which he's running for a series elsewhere. The fastest lap for the Juniors was set by Alfie Campbell (40) - a 44.141 which was not far off of the Senior's fastest - a 44.022 set by James (5).

## Minimax

This round, Will Rogers (53) was joined by Alex Chlebiej (7). The pair were quite evenly matched and even had a couple of good battles. In the first heat, coming around the first corner, Alex (7) pulled a switchback on Will (53) and took the lead for Minimax. Later on in the race, coming around Paddock, Alex (7) had an unfortunate spin and donated the lead to Will (53). The second heat was uneventful for both drivers but in the third heat, they had a good battle on the first lap; Alex (7) had a good start and passed Will (53) into the first corner. Coming into the Esses though, Will (53) moved to the inside of Alex (7) and was far enough ahead to take the lead for the right-hander. In the final, again, Alex (7) had a good start and moved past Will (53). However, when coming through paddock, Alex (7) had a spin, leaving Will (53) to inherit the lead. The fastest lap was set by Alex (7) in heat 3 - a 44.953.

# Report Summary Cont'

## Senior Rotax

It was another exciting day of racing for the Seniors and, especially at the front, there was some really close racing. Bryn Evans (77) was very competitive and was racing hard and fair with everyone who challenged him. Josh Twitchen (25) began strong this round too but as the day progressed, he seemed to lose momentum and wasn't as aggressive. Like last round, Stuart Smith (92) and Harvey Hollick (55) were quick but Harvey (55) took away the fastest lap – a 39.892 in the Final.

## Senior Rotax 177

This round, George Friday (52) was pretty quick, taking away the most points of everyone. Rob Reeve (15) debuted a brand-new chassis but it seemed he wasn't quite accustomed to it considering he wasn't as formidable as last round. The lead in the races was pretty contested since 4 different drivers took 1st place. Novice, Stavros Athanasopoulos (55) was racing really well, bringing healthy competition to anybody who was in front of him. As Rob (15) was pressuring Nick Aitken (21) in the final, he set the fastest lap – a 41.088.
