# Round 11 Report Summary

It had rained in the night to leave us with a wet track in the morning. Despite the cold temperatures, the track dried up a fair amount coming up to lunch. For heat 2 after lunch, almost everyone had opted for the slicks and stuck with them for the remaining races.

## Honda Cadet

Coming into the final round, the championship fight was close between Will Rogers (53) and Teddie Cooper (79) however, the pair weren't the only drivers who were fighting hard and driving well. Hayden Gray (6) returned to Club2000 for the first time this year and grabbed maximum points despite qualifying in 2nd. However, Teddie (79) set the fastest lap overall in the final with the track in it's best condition of the day – a 47.588.

## Junior Rotax

Coming into the final round, Matthew Copsey (97) was set to win the championship with a big point lead however, it was still possible for either Jenson Weston (34) or Sam Cooper (44) to take 2nd. It was a great day of racing and the fight was close between the top three throughout. Novice, Christopher Harris (9) performed very well and even managed a 5th place finish in the final amongst many who were more experienced. Matthew (97) set the fastest lap overall with a 41.508 in the final.

#### **Junior TKM**

After taking home maximum points in round 10, Oliver Bowen (55) led the championship coming into the final round. In return, friendly rival, Luke Bate (95) tried his absolute best and scored maximum points on round 11 but it wasn't enough and he was just 15 points shy of the championship win. As always with the TKMs, the racing was close between everyone and of a high standard. Luke Bate (95) was also quickest this round in the final with the fastest lap being a 42.571.

## **Junior Prokart**

William Bloom (56) seemed to have gained some great momentum over the last few rounds but Reece Bright (27) put an end to it for the last round. James Drabwell (5) had a great start to the day, taking pole after qualifying however, the two championship rivals were pushing each-other hard, leaving James in 3rd for most of the day.

## Report Summary Cont<sup>2</sup>

#### **Senior Rotax**

For the final round of the year, surprisingly, there were only 5 entrants. Despite this, there was still healthy competition between them all. Championship winner, Arundel Hughes (24) rounded off the year with maximum points and proved he deserves the title. Fighting for 2nd in the championship were Dylan Tatham (55) and Lewis Fagg (64). The pair were very close almost all day and kept us guessing for who would be the runner up. The fastest lap was set by Arundel Hughes (24) in the final with a 40.492 when the track was at it's best condition of the day.

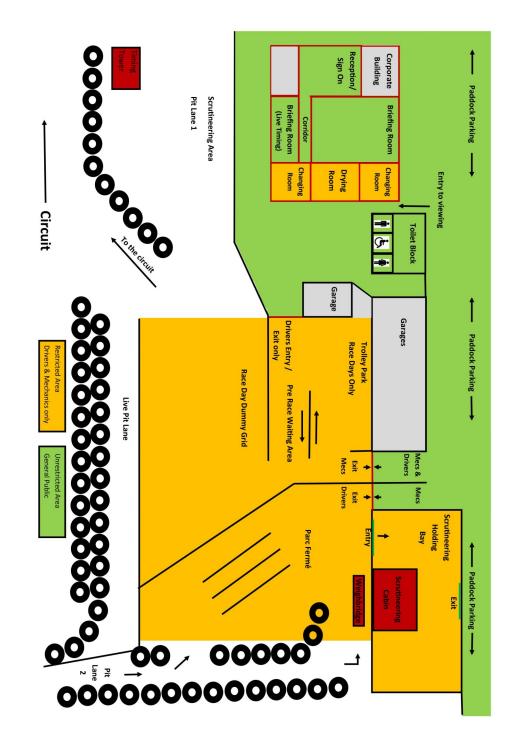

#### Senior Rotax 177

With 17 entries this round, the races were always busy, if not hectic. Even though he only attended three rounds this year, Max Williams (17) had some good pace and was almost always near the front. Nick Aitken (21) and Jamie Allen (34) had some good pace in the midfield and had some good battles when making their way through the pack. When given the opportunity, James Oxford (35) was quick. After not starting the first heat and going off on the first corner in heat 2, he picked up his pace and even took 3rd in heat 3.
